

Deletion of dormant .za domains

.za DNA conducted a public consultation period inviting for public comments and objections to the deletion of certain dormant .za domains (see http://www.zadna.org.za/documents/Public_notice_re_deletion_of_dormant_za_domains_v3.pdf).

There were no objections received to the deletion of the domains listed below. .za DNA has as of 4 May 2009 removed these domains from the .za zone file, and will keep them inactive for a period of 3 months (which will expire on Friday, 7 August 2009).

This period is given for any late objections that may be submitted to .za DNA. Once the period expires, these domains will be permanently deleted from the .za zone file.
